Cancer Care*

Progress and Impact Report Q1 2026-27: Delivering Hope and Healing

Our journey so far...

SAKUSHAL was registered as a charitable Trust in 2023. Having obtained the necessary exemptions (80G and 12A) under the IT Act and other statutory requirements, we started our activities in July 2024.

The primary purpose is to provide aid to families of children suffering from cancer by helping to cover gaps in cancer care for outstation children coming to Delhi/NCR for treatment. This could include gaps in treatment, boarding and lodging, nutrition, education, mental health care and counselling.

In addition, Sakushal also works towards building awareness about cancer, leading to early detection and timely treatment.

During the first quarter of 2026-27, Sakushal continued its work with two Government hospitals in Delhi. We provided treatment assistance and residential support to children and families facing financial and logistical barriers during cancer treatment.

Our Work and Programmes

a. Cancer Treatment Assistance Programme

Sakushal is working with two reputed Government hospitals in Delhi. Children seeking treatment for cancer at these hospitals are often unable to access expensive chemotherapy and other medicines for various reasons. If a family is unable to afford the necessary medicines, treatment may get delayed, remain incomplete, or be abandoned altogether. This is where Sakushal steps in to provide the required medicines immediately.

Impact: During April-June 2026, Sakushal supported 222 children at AIIMS. A further 10 beneficiaries were confirmed through the available records at VMMC & Safdarjung Hospital, taking the total number of confirmed beneficiaries to 232. Timely assistance helped families access essential treatment support without added financial burden.

Cancer Care*

b. Residential Facility Support

Sakushal Home continued to provide a safe residential facility near the hospital for children undergoing treatment and their caregivers. This safe haven allows families to remain close to treatment facilities without the burden of accommodation costs.

We ensured:

- Clean and hygienic living conditions
- Cooking facilities and dry ration supplies
- Child-friendly amenities, including books, toys, games, and a television
- Nutritional, emotional, and logistical support throughout the medical journey

Impact: The proximity of Sakushal Home to AIIMS, along with facilities for children and caregivers, has helped families focus on the child's treatment without worrying about their survival in an unfamiliar city. Residential support continued throughout the quarter.

c. Funder Engagement

During the quarter, Sakushal welcomed a funder visit to the Centre. The visit provided an opportunity for interaction with children and families and helped demonstrate the work being done through medical assistance, residential care, and day-to-day support.

Efficient Use of Funds

Your donations go directly where they matter most.

- Zero administrative overheads - Trustees work voluntarily, round the clock
- No transport costs - Our centre is strategically located near the hospitals
- 100% of funds are used for patient needs

We are deeply grateful for support from:

- Corporates under CSR
- Philanthropists, friends, families, and well-wishers
- Monetary and in-kind contributions from supporters

Impact and Highlights Q1 2026-27

We have continued to make a meaningful difference in the lives of children battling cancer during the first quarter of 2026-27.

- Essential medical support provided to 232 children
- 222 children supported at AIIMS
- 10 beneficiaries confirmed through available VMMC & Safdarjung Hospital records
- Residential support continued for children and caregivers at Sakushal Home
- Two active hospital partnerships maintained
- Collaboration with Kalawati Hospital initiated
- A funder visit hosted at the Centre

Vision for 2026-27: Expanding Our Reach

With your support, we aim to scale our impact:

- Strengthen hospital partnerships to reach more children in need
- Take forward the proposed collaboration with Kalawati Hospital
- Continue providing essential medicines and treatment-related support
- Strengthen residential, nutritional, and emotional support at Sakushal Home
- Build a trained volunteer taskforce focused on mental health, nutrition, hygiene education, and caregiver support

Join Us in Making a Difference

Every contribution - big or small - directly touches the life of a child in need. With your help, we can say “yes” more often to families desperate for a chance.

Together, let’s give children not just treatment, but dignity, comfort, and hope.
